

**CARE FOR ALL SIZES**

Pre-ischial bar prevents sliding forward | Converts shear into normal forces

Total immersion for equal pressure distribution | Support IT-coccyx area | Managing pelvic asymmetry

Thigh support

**Shaped like the Vicair Adjuster**

**User weight up to 500kg**

**Wider size range than other Vicair products**

The Vicair XXtra is a wheelchair cushion especially developed for bariatric persons. The compartments are filled with bigger SmartCells, offering individuals with a weight of upto 500 kg optimal protection against skin breakdown. The design, based on the Vicair Adjuster, combines excellent stability and positioning possibilities with a very high level of comfort.

The cushion automatically manages small pelvic obliquities, but can be individually adjusted to support more extreme asymmetry.

Despite the large size, the cushion is extremely lightweight!

**PRODUCT PERFORMANCE**

Skin protection / Anti decubitus	▲▲▲▲▲
Pressure redistribution	▲▲▲▲▲
Shear reduction	▲▲▲▲▲
Micro climate control	▲▲▲▲△
Impact & vibration damping	▲▲▲▲▲

**Positioning**
